INTEGRATION

*"I liked to learn about the
hipped roof and bays.
I learned a lot drawing
the building."*

5th Class Pupil

OBJECTIVE

Understanding buildings by visual observation and recording.

AGE APPROPRIATENESS

This module is suitable for all classes.

To manage the module for each age group, see Teacher Guidelines

MATERIALS REQUIRED

Activity Sheets (AS)

- AS1 How many storeys?
- AS2 How many bays and storeys?
- AS3 What type of roof?
- AS4 Bay, storey and roof
- AS5 Name the features
- AS6 Building Record Sheet
- AS7 Complete the Building
- AS8 How buildings work
- Pencil and eraser
- Clipboard

PREPARATION

The pupils will learn how to make a basic record of a building, taking note of its size, fabric, colour and function.

In the classroom discuss how to describe a building's height (AS1), width (AS2) and roof type (AS3). This will give the pupils a basic vocabulary for describing buildings (AS4). Introduce them to some common architectural terms and test these using AS5. Practice drawing a building using AS7.

**A building can be read-
just like a book'**

Let's get started!

Setting the Scene

Once the pupils are familiar with 'bays' and 'storeys', can identify roof types and have practised their drawing skills, it is time to introduce them to the Building Record Sheet (AS6).

Prompt: Get the pupils to practice filling out the sheet (AS6) on the school building or on one of the buildings in AS1.

The Activity

Take the pupils out to a suitable local building(s) and make a record of it using the Building Record Sheet (AS6).

For guidelines on drawing buildings see Teacher Guidelines, Module 9.

Closing Activity

Using the details recorded on the Buildings Record Sheet (AS6) ask the pupils to write a description of the building.

and/or

Using the activity sheet 'How Buildings Work' (AS8) have a general class discussion about how buildings are designed and function.

Key Terms

- Bays
- Storeys

**Take extreme care
when out on the street and
never enter a derelict
building. Always obey the
safe cross code!**

Teacher's Log

"The pupils got really involved in counting bays, storeys and identifying the roofs of houses. They were amazed at all the features on local buildings that they had never noticed before".

4th Class Teacher
